

CALL FOR BIDS

NOTICE IS HEREBY GIVEN that the Board of County Commissioners of Lewis County or designee, will open sealed proposals and publicly read them aloud on or after 11:30 a.m. on **Tuesday, March 8, 2016**, at the Lewis County Courthouse, Chehalis, Washington, for the 2016 Traffic Paint Proposal. This contract provides for furnishing Traffic Paint to Lewis County.

SEALED BIDS MUST BE DELIVERED BY OR BEFORE 11:00 A.M. on Tuesday, March 8, 2016

(Lewis County official time is displayed on Axxess Intertel phones in the office of the Board of County Commissioners.
Bids submitted after 11:00 AM will not be considered for this project.)

Sealed proposals must be delivered to the Clerk of the Board of Lewis County Commissioners (351 N.W. North Street, Room 210, CMS-01, Chehalis, Washington 98532), by or before **11:00 A.M.** on the date specified for opening, and in an envelope clearly marked: ***“SEALED BID FOR THE 2016 TRAFFIC PAINT PROPOSAL, TO BE OPENED ON OR AFTER 11:30 A.M. ON MARCH 8, 2016.”***

Each proposal shall be in accordance with the specifications and other contract documents now on file with the County Engineer. The contract documents may be viewed and downloaded from Lewis County’s Web Site @ www.lewiscountywa.gov/, you may call the Lewis County Engineer’s office @ (360) 740-2612 or email Kim.Amrine@lewiscountywa.gov and request a copy be mailed to you.

The Lewis County Public Works Department in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000d to 2000d-4 and Title 49, Code of Federal Regulations, Department of Transportation, subtitle A, Office of the Secretary, Part 21, nondiscrimination in Federally assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises as defined at 49 CFR Part 26 will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin, or sex in consideration for an award.

The BOCC reserves the right to reject any or all bids and to waive all informalities in the bidding.

DATED this 22nd day of February, 2016.

Karri Muir

Clerk of the Board of County Commissioners
Lewis County, Washington

TRAFFIC PAINT SPECIFICATIONS

Low VOC Waterborne Paint

Consideration of Bids

The Board of County Commissioners reserves the right to reject any or all bids, waive informalities, and to contract as the best interests of the County may appear. In determining the lowest responsive bidder, consideration will be given to such factors as prices quoted, delivery, and quality of products.

Cooperative Purchases

The Washington State Interlocal Cooperative Act, RCW 39.34, provides that other governmental agencies may purchase goods and services on this solicitation or contract in accordance with the terms and prices indicated therein if all parties are willing.

Contract Renewal Periods

This proposed agreement shall remain in effect for a period of 30 days from and after its effective date and shall automatically be renewed on a month to month basis thereafter unless either party hereto serves notice upon the other party of its intention to cancel at least 30 days in advance of the termination of the first month, or during any monthly renewal thereof. Notice during each renewal term may occur at any time during the course of such term. Prices will be considered firm for at least the first 30 days of the contract. No change in services or prices will be allowed without written consent of both parties, pursuant to the following conditions:

“Prices will be subject to increase or decrease in the same proportion as changes occur in the vendor’s certified costs, providing the vendor requests an adjustment from the Purchasing Department 30 days prior to the effective date. The written request shall be accompanied by written proof of said changes in cost to vendor and is subject to acceptance by the Purchasing Department. The County shall have the option of accepting the price change or canceling the balance of the contract. All price decreases must be offered to the County.”

Total contract period not to exceed 5 years.

Scope

This specification is intended to cover ready-mixed, single-component waterborne traffic marking paint, to be applied to either asphalt or Portland cement concrete pavements.

Delivery and Container Return

Contractor will deliver paint to the Lewis County Road Department yard within ten (10) business days from receiving order from Lewis County. Contractor will confirm receipt of order(s) and delivery date(s) in writing, preferably by e-mail, by 3:30 p.m. the next workday. Contractor shall notify County in writing within twenty four hours (24) of order date if delivery cannot be completed as requested. County may cancel an order and make the purchase from another source if Contractor cannot complete the order as requested. Repeated failure to meet delivery requirements may result in contract cancellation.

At the time paint is delivered, Contractor shall pick up empty containers from the point of delivery at no cost to County. County shall load empty containers from stockpile site onto

Contractor's transport vehicle. No empty containers shall accumulate at Lewis County Road Department site without permission in writing by County.

County will only accept deliveries 7:00 a.m. to 4:00 p.m. Monday through Thursday. NO FRIDAY DELIVERIES OR PICKUPS. Lewis County will not accept deliveries or pickups on weekends or state-observed holidays. Contractor shall notify Lewis County by telephone at least twenty-four (24) hours prior to delivery. All prices quoted are FOB Chehalis, WA.

County will acknowledge delivery of paint by signing and dating the "Bill of Lading".

Contractor shall notify the ordering party in writing, preferably by e-mail, by 3:30 p.m. the next workday after delivery for complete order, if the ordering party is not present at the time of delivery. Contractor will mail the "Bill of Lading" signed and dated by the Contractor if the ordering party is not present at the time of delivery.

Orders shall be accompanied by a Material Safety Data Sheet (MSDS). A copy of the MSDS for both white and yellow paint shall be provided to County at the beginning of the contract.

Marking

Containers shall be labeled or stenciled on a background color matching the paint in the container. The label or stencil shall be legible and applied on the container in a prominent location with the following information (abbreviations may be used):

- Name of Contractor
- Location of manufacturing plant
- Date of paint manufacture
- Specification and formula number or Product Code
- Color
- Batch number
- Containers shall be clearly labeled "Waterborne Traffic Paint"

All containers of the paint shall be labeled to indicate that the contents fully comply with all rules and Federal regulations concerning air pollution control. The manufacturer of the paint shall be responsible for proper shipping labels with reference to whether the contents are: toxic, corrosive, flammable, etc., in accordance with local, state, and federal regulations.

Materials containing solvents, cleaning agents, chemicals, or other hazardous materials shall be labeled in accordance with local, state, and federal regulations.

Increased or Decreased Quantities

Lewis County will not adjust the unit price submitted by the successful bidder for any increases or decreases in the quantities listed in this contract. The County has entered the amount for the item in the proposal form only to provide a common basis for bidders.

Applicable Specifications

ASTM D93, D562, D711, D1210, D1394, D1475, D2243, D2486, D2697, D2805, D3168, D3335, D3718, D3723, AND E70

American Society for Testing Materials (ASTM):

D93 – Flash point by Pensky Martens Closed Tester

D562 – Consistency of paints using Stormer viscosimeter

D711 – No pick up time of traffic paint

D1210 – Fineness of dispersion of Pigment-Vehicle Systems

D1394 – Chemical Analysis of White Titanium Pigments

D1475 – Density of Paint, Varnish Lacquer and Related Products

D2243 – Freeze-Thaw Resistance of Waterborne Coatings

D2486 – Scrub Resistance of Interior Latex Flat Wall Paints

D2697 – Volume Non Volatile Matter in Clear or Pigmented Coatings

D2805 – Hiding Power of Paints by Reflectometry

D3168 – Binder (100% Acrylic)

D3335 – Low Concentrations of Lead, Cadmium and Cobalt in Paint by Atomic Absorption Spectroscopy

D3718 – Low Concentrations of Chromium in Paint by Atomic Absorption Spectroscopy

D3723 – Pigment Content of Water Emulsion by Low Temperature Ashing

E70 – pH of Paints and Related Material

And all Washington State Department of Transportation Standard Specifications

Composition

The composition of the paint shall be determined by the manufacturer. It will be the manufacturer's responsibility to produce a waterborne traffic paint containing all the necessary ingredients to conform to all the properties as specified herein.

Acrylic Polymer Emulsion

Rapid Dry:

The non-volatile portion of the vehicle shall be composed of 100% acrylic polymer and shall not be less than 40.0%. Acrylic polymer shall be equal to or exceed the performance of Rohm & Haas Fastrack 3427 Emulsion.

High Build:

The non-volatile portion of the vehicle shall be composed of a 100% cross-linking polymer and shall not be less than 42.0%. Acrylic polymer shall be equal to or exceed the performance of Rohm & Haas Fastrack HD-21A Emulsion.

No-Track Time

The paint shall dry to a no-tracking condition in less than 90 seconds when applied at 15 mils wet thickness at dry pavement temperature of 50 – 100 degrees F and a maximum 85% relative humidity with 7 pounds of glass beads per gallon of paint. “No Tracking” shall be the time required for the line to withstand the running of a standard automobile over the line at a speed of approximately 40 mph simulating a passing procedure, without tracking of the reflectorized line when viewed from a point of 50 feet upstream from the point where the test vehicle crossed the stripe. A paint passing test shall have crossed at least three out of four crossings without tracking.

Static Heat Stability

Put 450 ml of paint in a 473ml (1pint) lined container, close the container, seal with tape, and put in an oven maintained at 135 degrees F. +/- 1 degree for 7 days. Equilibrate the paint at standard conditions and mix thoroughly with gentle stirring. Examine paint and determine viscosity. The paint shall show no change in consistency greater than 10 Krebs units nor any coagulation, lumps or coarse particles.

Packaging

These paints will be in a plastic bladder inside a steel cage capable of holding 250 gallons of traffic paint. The size and shape of the container shall meet the requirements of Lewis County's equipment. Within thirty (30) days of written notice of completion of the Traffic Painting operations, the supplier shall be required to pick up all unused paint containers, from the Lewis County Central Shop Facility.

Samples, Testing, and Guarantee

Contractor shall sample and test all batches of paint manufactured for County. All samples shall be tested for resin type, total solids, dry time and opacity. Results of those tests are to be forwarded to Lewis County Traffic Control Department BEFORE product is shipped. Any batches found not in compliance will be rejected.

Random samples of shipped product will be collected by Lewis County from the field and may be tested as an additional quality control measure.

Multiple failures of product to pass testing will be cause for termination of the Contract, and the County reserves the right to award Contract to the second responsive bidder. The original Contractor will be liable for any difference in costs incurred by the County as a result of termination.

Contractor will certify that all products shipped to Lewis County are in complete compliance with these specifications. Any product found to be out of compliance will be shipped back to the Contractor's manufacturing plant at the Contractor's expense and all costs will be credited to the County immediately.

Contractor shall guarantee the product for a period of twelve (12) months after manufacture and replace paint that is unfit for use due to: leaking containers, contaminates, dry caking, settling, gelling, clumping, separation, livering, skinning while stored in the original container

received from Contractor, or causing any system filter to clog after less than 1,500 gallons of products used.

Specifications

The following specifications have been tested and proven to fulfill Lewis County Road Department's striping needs. All submitted products shall meet the specifications as outlined in Appendix A and Appendix B with NO exceptions. Any product not meeting or exceeding said specification will be considered non-responsive.

Appendix A

**Rapid Dry, Long Line
Traffic Marking Paint**

Rapid Dry Traffic Marking Paint shall be in compliance with WSDOT Standard Specifications 9-34.2(3) Low VOC Waterborne Paint.

Appendix B

**High Build, Durable
Traffic Marking Paint**
