Description

This contract provides for the production, stockpiling and loading of crushed screenings for Lewis County's 3R program. This material purchase will allow Lewis County crews to chip seal approximately 74.1 miles of roadway and will purchase rock for Countywide road maintenance during the 2016 summer road construction season.

A Call for Bids was made on January 26, 2016. The project was advertised for two consecutive weeks in the East County Journal and The Daily Journals of Commerce, Seattle and Portland. The project was also listed on Lewis County's website. Good Crushing, Inc. provided a responsive bid of \$116,786.21 for Schedule A and \$128,273.37 for Schedule B. Sterling Breen Crushing Inc. provided a responsive bid of \$107,317.06 for Schedule A and \$117,872.83 for Schedule B. The Engineer's Estimate for this material supply was \$82,065.98 for Schedule A and \$90,138.05 for Schedule B. The bid proposals were 42% over the Engineers estimate mainly due to the current bidding climate, a special blend of rock, remote delivery sites in east Lewis County, limited chip rock availability and production time needed. The lowest responsive bidder was determined by their product cost together with Lewis County hauling costs.

Resolution approval will award Schedule A to Good Crushing, Inc. for \$116,786.21, and Schedule B to Sterling Breen Crushing Inc. for \$117,872.73, upon presentation of a contract acceptable to Lewis County, for the 2016 Rock Proposal and authorize the County Engineer to sign the same. These awards are recommended based on the Engineer's analysis of the price per ton of the product from the bidders together with the cost for Lewis County to haul the product from the individual pit site to each stockpile site. The most advantageous cost to the County was selected for recommendation to award.

The analysis provided the following totals:

Good Crushing - Schedule A including haul costs = \$162,632.68

Sterling Breen - Schedule A including haul costs = \$171,059.19

Good Crushing - Schedule B including haul costs = \$164,574.91

Sterling Breen - Schedule B including haul costs = \$161,420.66
