LEWIS COUNTY NOTICE TO CONSULTANTS FOR:

Professional Services – Geotechnical Engineering
Centralia Alpha Road Improvements (MP 10.60 – 11.85)
County Road Project 2084

Lewis County Public Works is soliciting proposals from consulting firms with expertise in geotechnical engineering design. Consultants will be considered for the following project:

PROJECT DESCRIPTION
The successful consultant will develop complete structural Plans, Specifications and Estimate (PS&E) for the slide repair areas within the Centralia Alpha Road Improvements Project (MP 10.60 – 11.85) in Lewis County. This project will include cooperative project development and management with Lewis County. Preparation of all slide repair plans, specifications, and estimates shall be required to be incorporated into 100% Plans, Specifications, and Estimate (PS&E) prepared by Lewis County. Additionally, Lewis County will produce and submit all environmental permits and documents based on Consultant developed plans and Lewis County directed avoidance measures for environmentally sensitive areas. Project coordination and documentation will be required to ensure all structural and environmental issues are satisfied for this project. The selected consultant will be available for construction support during the 2021 or 2022 construction season.

SUBMITTAL REQUIREMENTS
A detailed description of the project background, project scope, proposal instructions, and proposal evaluation is available by calling Lewis County Public Works (360) 740-2612, emailing Kim.Amrine@lewiscountywa.gov, or at Lewis County Public Works Website http://lewiscountywa.gov/publicworks.

DEADLINE: Proposals must be received no later than 5:00 p.m. local time, March 15, 2019, at the Lewis County Public Works office (2025 NE Kresky Ave., Chehalis, WA, 98532). Fax copies will not be accepted.

A UDBE goal is not required for this project. However, the voluntary SBE goal of 10% does apply to this agreement. This is a Federally Funded Project that will be held to Federal EEO Requirements and will also be held to ADA and Civil Rights language.

Lewis County Public Works, in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat., 42 U.S.C. 2000d to 2000d-4 and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, nondiscrimination in Federally assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises as defined by 49 CFR Part 26 will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on grounds of race, color, national origin, or sex in consideration for an award.
SECTION 1A – Background and Purpose

Existing Conditions and Geotechnical Work Previously Completed
Centralia Alpha Road Improvements have been completed in several areas over the past 15 years. This project (MP 10.60 – 11.85) has been superficially repaired and design efforts started. Rural Arterial Program funds were previously received for repair of this section of Centralia Alpha Road by lowering centerline up to 20 feet in some areas, road widening and realignment of intersecting roads. Subsurface exploration and geotechnical analysis (PBS Geotechnical Engineering Report dated 17-Nov-14) was completed for this one million plus yard excavation option. Due to anticipated construction costs, this option was tabled. To determine additional available options for repair, Lewis County contacted Aspect Consulting to review of existing geotechnical work and provide a high level alternatives feasibility assessment (Aspect Geotechnical Evaluation dated 14-Sept-18).

Proposal Request
Lewis County is seeking geotechnical engineering expertise to evaluate the existing reports, information and data in order to provide a cost effective solution for a long term slide repair plan on Centralia Alpha Road (MP 10.60 to 11.85). This proposal can expand upon existing solutions already identified or propose alternate repair methods. Further, proposals should identify any additional subsurface boring, additional field work or additional evaluation needed to narrow slide repair areas and/or increase stability for this reach. Once the best overall repair option is determined, plans will be developed in conjunction with Lewis County for the road section and intersection revision designs to meet grant funding requirements. It is anticipated geotechnical repair sheets will be incorporated into a comprehensive plan set produce by Lewis County.

Schedule
Design proposals are being solicited to fulfill WSDOT Local Agency Guidelines for consultant selection. Lewis County’s required schedule includes:

- Evaluation of existing geotechnical reports, additional field work (if needed), and three 30% repair options with probable costs (in a memorandum format) submitted no later than June 30, 2019.
- 60% slide repair plans and estimate shall be submitted to the County by December 31, 2019.
- Final (100%) Plans, Specifications, and Estimates shall be completed by July 31, 2020.
- Construction support services are tentatively scheduled to start in the summer of 2021/22.

SECTION 1B – Staff Proposed Scope of Work

Task 1 – Project Management

A. Meet with the County.
These meetings will be used to review work to date, identify important issues and needs for additional data gathering and problem analyzing. Establishing expectations and interfaces, establishing and revising detailed scope of work, as needed, will also be included in these meetings.
B. Assistance
Consultant will assist the County by providing descriptions, drawings, impact areas, and quantities of in-water work/stream buffer impacts, as needed for Lewis County to all complete environmental permits.

C. Utility Needs
Assist the County with the coordination efforts for utility issues pertinent to this project.

Task 2 – Existing Report Evaluations and 30% Plan Repair Options

A. Evaluate Existing Reports, Field Work and Data
Review existing geotechnical evaluations and reports to expand upon identified repair options or propose options not yet suggested.

B. Additional Field Work (if needed)
Conduct additional field work to determine appropriate long term solutions for slide repair.

C. Slide Repair Options
Prepare a memorandum outlining a minimum of three long term slide repair options and their probable costs. This memorandum should assess repair option stability and perpetual maintenance costs (if applicable).

Task 3 – Final Plans, Specifications, and Estimates

A. PS&E for Slide Repair Items
Develop final plans and special provisions for the selected slide repair option. Stamped and signed final plans shall be incorporated with Lewis County’s 100% plans. Similarly, the estimate and special provisions developed by the Consultant will be incorporated into the Estimate / Project Manual for slide repair items.

B. Roadway Items
The Consultant shall advise if Lewis County’s standard roadway section will be adequate based on soil properties and visual observations

D. Reconnaissance
Perform stream and site reconnaissance to verify mapped data, document existing conditions and to obtain additional information if needed.

E. Critical Path
Prepare a critical path construction timeline and provide anticipated contract working.

F. Assist in meeting State and Federal Obligations
Provide information to allow Lewis County staff to prepare maps, drawings, and quantity estimates for use in obtaining state and federal environmental permits and project mitigation.
**Task 4 – Project Coordination and Documentation**

A. Sub-consultants  
Consultant shall coordinate with sub-consultants for geotechnical and boring evaluations.

B. Progress Reporting  
Consultant shall prepare and submit progress schedules.

C. Meetings  
In order to keep information current and relevant, regular telephone meetings will be scheduled between Lewis County and the Consultant.

**Task 5 – Construction Support**

A. Submittals  
Consultant will be required to review submittals for concrete mix design and other related structural review components pertaining to this project.

B. Questions  
Answer questions that may arise during the contract advertising for this project.

C. Geotechnical Construction Evaluation  
There will be two (8-hour) on-site visits during construction for evaluation and a final summary report.

**SECTION 2 CONSULTANT INFORMATION**

2.1 Consultant Responsibilities. The selected Consultant shall be responsible for all services outlined in the proposal whether the Consultant or his/her representative produces them. The Consultant shall be responsible for any and all contractual matters.

2.2 County Responsibilities. County will administer the contract, apply for all environmental permits and coordinate meetings as appropriate.

2.3 Contract Payment Schedule.  
a. The billing statement must include a summary of progress made through the date of billing.  
b. A progress report shall be submitted with each billing statement. Monthly payments will be based on the expenses incurred as summarized in each progress report. The progress report shall indicate the cost and hours of work assigned to each major work task. All billings shall be in accordance with Lewis County standards.

2.4 Project Schedule and Progress Reports  
a. The successful Consultant shall begin work by attending an orientation meeting provided by County to take place approximately ten working days (10) following the execution of the contract.  
b. Written monthly progress reports shall accompany billings submitted to County.  
c. The Consultant will make oral indications of progress when requested. Oral reports will indicate current status of the project and will be used as an early identification of
problems that may hinder the project. Identified problems should be detailed in writing. All written correspondence should be directed through the Project Engineer.

2.5 Insurance Requirements
   a. The Consultant will provide stipulated coverage pursuant to contract provisions as stipulated in Appendix 31.79 of the current edition of “Local Agency Guidelines” (WSDOT).

2.6 Contract Requirements
   a. The Consultant will be required to enter into a contract with County using Appendix 31.79 of the current edition of “Local Agency Guidelines” (WSDOT) as the basis of the agreement between the Consultant and County.
   b. The partners agree to develop and maintain effective communication and a thorough project understanding so that these issues can be accommodated with minimal impact to project quality, schedule, and budget.

SECTION 3
PROPOSAL INSTRUCTIONS

3.1 General Information
   a. The Consultant must submit a proposal for the end results that are set forth in the RFP. The proposal shall describe the qualifications of the Consultant and provide a listing of similar projects completed in the past five years, a general response to the proposed scope of work, a listing of project team members and qualifications, and a listing of references with contact information. Any professional staff necessary to conduct the required project scope must be available to support successful completion of the contract scope of work.
   b. Sub-consultants proposed to be used by the Consultant shall be listed in the proposal and shall be subject to approval of the County.
   c. The proposal shall be submitted for professional services. The proposal shall be limited to ten (10) pages of text total including title page and table of contents and include evaluation information listed in subsection 4.3 and 4.4 of this document. Font shall be ARIAL, 12 point.
   d. The document shall be five (5) double-sided pages maximum with a minimum of one-inch side and top margins (10-page document total)
   
   Direct the submittals to:
   
   Tim Fife, P.E., County Engineer
   Lewis County Public Works
   2025 NE Kresky Ave.
   Chehalis, WA  98532

3.2 Closing Date for Submittal of Statements
   a. Five copies of the statement must be received not later than 5 p.m. local time, March 15, 2019
b. The proposal may require 15 days for evaluation. The County may request the Consultant to make an oral presentation to the selection committee in support of the proposal.

3.3 Proposal Acceptance
The successful Consultant will be expected to enter into a contract specifying payment methods as allowed by the Local Agency Standard Consultant Agreement. Please refer to WSDOT standard consultant agreement found in Appendix 31.79 of “Local Agency Guidelines”, WSDOT, current edition.

3.4 Right of Award or Rejection
The proposal shall specifically stipulate all terms and conditions contained in the RFP. It is understood that all proposals will become a part of the public file on this matter without obligation to the County. County reserves the right to reject any or all proposals.

3.5 Costs
County is not liable for any costs incurred by the Consultant in the preparation or presentation of the statement of qualifications.

3.6 Inquiries
Questions that arise during preparation of the proposal shall be handled by: Don Carney, 360-740-2695. A proposal list will be developed (for all interested responders) and all questions & answers will be posted at Lewis County’s Web Site (http://lewiscountywa.gov) during the advertisement period.

3.7 Protest of Contract Award
Protests concerning the consultant selection process must be delivered in writing to the Lewis County Director of Public Works within fourteen (14) days of the award announcement. The Director will review the protest, contact all parties involved, and recommend the appropriate action to the BOCC. The Commissioner’s decision will be the final County position. The final decision will be presented to all interested parties within 45 calendar days of receipt of the protest.

SECTION 4
PROPOSAL EVALUATION

4.1 General Information
a. County will award the contract to the most qualified Consultant whose proposal is deemed to be in the best interests of the County.

b. A selection committee will be appointed to evaluate the statements received. The committee will evaluate each of the criteria listed in subsection 4.3 and 4.4 for the purpose of ranking proposals.

4.2 Proposal Evaluation
The Consultant selection process will be conducted in two phases. The first phase will consist of a panel of reviewers who will individually review all submittals independently using a set of review criteria. The review panel will then meet to finalize their selection ranking. Their findings will be forwarded to the Public Works Director for review. The Director will review the scores of the selection committee and determine if consultant interviews are required. If
interviews are desired, the project manager will appoint an interview selection committee. Selection will be based on consensus amongst the selection committee.

4.3 Review Criteria

<table>
<thead>
<tr>
<th>EVALUATION CRITERIA</th>
<th>WEIGHT</th>
</tr>
</thead>
<tbody>
<tr>
<td>Qualifications and experience of personnel assigned to project</td>
<td>15 points</td>
</tr>
<tr>
<td>Evaluation and comment on the proposed scope of work</td>
<td>40 points</td>
</tr>
<tr>
<td>Recently completed similar projects</td>
<td>15 points</td>
</tr>
<tr>
<td>Past performance/references</td>
<td>15 points</td>
</tr>
<tr>
<td>General evaluation of the submitted proposal in meeting proposal objectives</td>
<td>15 points</td>
</tr>
</tbody>
</table>

4.4 Criteria Explanation

a. Qualifications and experience of personnel assigned to project, including sub-consultants, on projects with other government agencies within the last five years including:
   - Extent of principal and project manager involvement
   - Qualifications and relevant individual experience
   - The team’s expertise in relation to all phases of the project
   - Project manager’s experience with project requirements
   - Approximate number of people to be assigned to the project
   - Quality assurance review responsibility
   - A stipulation that key personnel will not be removed from the contract without prior approval of Lewis County

b. Evaluation and Comment on the Proposed Scope of Work
   - Task 1—Project Management
   - Task 2—Existing Report Evaluations and 30% Plan Repair Options
   - Task 3—Final Plans, Specifications, and Estimates
   - Task 4—Project Coordination and Documentation
   - Task 5—Construction Support

c. Recently Completed Similar Projects
   - Repair projects completed for similarly sized slide projects within rural transportation corridors.
   - County or City projects in Washington State.

d. Past Performance/References
   - List contact person, agency, phone number, address, and project. Describe the specific problems that were encountered and explain the methodology and action plan (include requirements and software) to overcome them.

e. General Evaluation of the Submitted Proposal in Meeting Proposal Objectives
   - Is the proposal clear and concise?
   - What is the probable ease and ability of the consultant to coordinate with project and County staff?
   - What is the firm’s experience with Lewis County or other Counties in Washington State.

4.5 Selection
a. A final recommendation for selection will be made to the BOCC following review and rankings of the proposals. Consultant selection will be carried out under Washington State Local Agency Guidelines Section 31 (Federal or State Funds will be used for this project).

b. RFP’s are anticipated to take approximately fifteen (15) working days to evaluate.

c. Follow-up interviews with consultants NOT selected may be arranged with County following successful contract award to the selected consultant.

4.6 Pre-contract Clarification
The apparent selected Consultant will be required to review its proposal with County. County reserves the right to require any clarification or alterations it deems necessary in the Consultant’s assignment or resources, or in the Consultant’s approach to the scope of work and the County’s needs and expectations. This review and any changes will be made prior to contract execution and will become part of the final Consulting contract.
