

REQUEST FOR QUOTES

1. SCOPE

Lewis County is requesting quotes for materials purchase, fabrication, application of a polyurea protective coating of a steel bridge cap and ten (10) steel channel attachments. The work is for the fabrication of a steel cap to replace an existing timber cap supporting a portion of Frase bridge on Frase Road in Onalaska, WA. The finished product will be picked up by Lewis County early in September 2020 (actual date to be determined).

The bidder shall be responsible for purchasing the hollow structural section, steel channels and steel plate, drill holes in the HSS and steel channels, weld the flat plate for end-caps and have a polyurea protective coating applied to all steel products. See attached plans for dimensioning and fabrication.

2. SUBMITTAL

Item	Description	Quantity	Unit	Unit Price	Total Price
1	Steel Bridge Cap	1	L.S.	\$	\$
SUBTOTAL					\$
Washington State Sales Tax				_____ %	\$
